

You can take the no. 50 bus to the conference site (Direction Stora Lappkärrsberget) and the bus stop looks like this. It leaves from Odenplan.

The rooftop bar at the conference site (for lunches given good weather)

Some more pictures of the conference building.

## Things to do in Stockholm

### Museums:

The Vasa Museum

The Abba Museum

The National Museum (Nationalmuseum)

Technical Museum (great for kids) Tekniska Museet

Fotografiska (spectacular view from their café and restaurant on the 2nd floor)

### Areas

Gamla Stan/The old town (touristy spot with beautiful old buildings)

Söder and Nytorget (the "hipster" neighborhood with cool bars and restaurants)

Östermalm

### The archipelago

Besides our own boat trip you can take a short trip to Fjäderholmarna and have dinner there (book dinner in advance)

Walk around Djurgården (island in the middle of the city)

Swimming outside, for instance Liljeholmen/Sjövikstorget and another place close to the conference site: Kräftriket

### Restaurants:

Urban Deli at Nytorget or in the city (rooftop bar)

Hermans (vegetarian restaurant on Söder)

Mahalo (a few different restaurants in the city): very good vegan food

East (Stureplan, Asian fusion, modern)

There are a lot of restaurants around Hantverkargatan and Rörstrandsgatan on the island called Kungsholmen

Reserve in advance

If you wish to coordinate dinner and sightseeing with other participants, a social media link, WhatsApp, will be emailed to all conference participants a few days before the conference starts.

## About transport in Stockholm

See the maps and other information in "Information for delegates" for getting to the conference venue.

Airport and other: Note that there are some "fake" taxi companies around. Use *Taxi Stockholm* or *Taxi Kurir* if you are using a taxi (Taxi Stockholm is the most reliable). Some people use Uber and it seems to work fine. From the airport there is a fast train, Arlanda Express, and buses called Flygbussarna, as well as taxis (book in advance).
